

# Food Ration Distribution Event for Families Affected by Demolition in Borivali and Kandivali

## EVENT DETAILS

- **Date:** July 31st, 2023
- **Location:** Borivali and Kandivali
- **Target Population:** 10 families (approximately 50 individuals) impacted by house demolition by the Municipality
- **Ration Distribution:** Each family received a daily food ration sufficient for approximately four members, including:
  - Rice
  - Potato
  - Onion
  - Cooking oil
  - Sweets
  - Biscuits

### Impact:

The ration distribution event aimed to provide immediate relief to families facing hardship due to losing their homes. The food supplies offered:

- **Essential sustenance:** The distributed items provided basic necessities to address immediate hunger concerns and ensure food security for the families.
- **Alleviation of stress:** Access to food during a challenging time can help alleviate some stress and burden faced by the families.

## FUTURE CONSIDERATIONS:

- **Needs assessment:** Conducting a comprehensive needs assessment can help identify other essential requirements of the affected families beyond immediate food needs like temporary shelter, clothing, and utensils.
- **Collaboration:** Partnering with NGOs or government agencies working in the area might enable access to wider support services and resources for the families.
- **Long-term solutions:** Exploring avenues for long-term solutions, such as legal aid or temporary housing assistance, can offer more sustainable support to families as they rebuild their lives.

### Conclusion:

The ration distribution event provided a temporary but crucial form of aid to families facing a difficult situation. By collaborating with relevant organizations and exploring avenues for long-term support, such efforts can contribute to the well-being and recovery of these families.
